About Us: What is ILKEA?

What is ILKEA?

ILKEA started as a small furniture shop in Klaten, Central Java in 2010. Despite its humble beginnings, the shop quickly gained popularity for its functional Scandinavian-inspired designs and affordable prices. Within a few years, ILKEA expanded to open its first large retail store in Jakarta in 2013. The spacious warehouse-style store allowed customers to browse a wide selection of ILKEA's minimalist and modern furniture. Also this year, we're officially called PT. ILKEA Sinar Abadi. Over the next few years, ILKEA established itself as one of the leading furniture brands in Indonesia. It's success lead to the first store located in Papua, opened in Merauke in 2017. ILKEA's newest store opened just in time for the 13th anniversary of ILKEA, located in Jonggol.
